#### So how much is the federal government investing in the National Endowment for the Arts (NEA)?

Congress has proposed allocating $155 million to the NEA in FY 2019, which has been relatively level for the last several years. This amounts to just 47¢ per capita, yet the nonprofit arts industry generates over $13 billion in federal tax revenue back to the treasury. Imagine what nonprofit arts groups could generate with $1 per capita!

IN THE SOONER STATE, THE ARTS UNITE US

The annual Oklahoma Arts Conference convenes hundreds of individuals involved in the state’s arts and cultural industry for two-plus days of sessions, panels, networking and events.

THE OKLAHOMA ARTS COUNCIL—
The Oklahoma Arts Council advances Oklahoma’s thriving arts industry, which in turn improves education, enhances the quality of life, and boosts economic development. Prior to 1965 public funding for the arts in Oklahoma was virtually non-existent. Realizing the importance of giving all Americans, in rural and urban areas, access to arts and culture, the state established what would become the arts council in 1965.
