**Q** What about Connecticut—how much does state government budget to the Connecticut State Office of the Arts each year?

The state allocated $5,499,552 to the Connecticut State Office. In FY 2019-20, the Connecticut State Office received $737,400 in federal NEA funds, which the Office re-granted to hundreds of cultural organizations through the state. Another 31 nonprofit arts organizations received direct grants from the NEA totaling $739,500.

**A** Congress has proposed allocating $162.25 million to the NEA in FY 2020, which has been relatively level for the last several years. This amounts to just 49¢ per capita, yet the nonprofit arts industry generates over $13 billion in federal tax revenue back to the treasury. Imagine what nonprofit arts groups could generate with $1 per capita?

“Vision: Inspire. Empower. Educate. Transform. The arts are a human right. The Connecticut Office of the Arts envisions a world where the arts, in all forms, are embedded in everyday life.”
