In 2015, Arts and cultural production supported thousands of jobs and generated millions of dollars in state and local government revenue. Nonprofit arts groups cultivate that activity.

• In Wood River Valley specifically, nonprofit arts groups generated $15.5 million in economic activity. Audiences of 201,517 people added another $13.8 million for a total of $29.3 million in economic activity for the valley in 2015, and this generated $2.1 million in local and state government revenues.

$1.9 BILLION NONPROFIT ART IS A DRIVER OF JUST ONE OF OUR LOCAL ECONOMIES.

So how much is the federal government investing in the National Endowment for the Arts (NEA)?

Congress has proposed allocating $162.25 million to the NEA in FY 2020, which has been relatively level for the last several years. This amounts to just 49¢ per capita, yet the nonprofit arts industry generates over $13 billion in federal tax revenue back to the treasury. Imagine what nonprofit arts groups could generate with $1 per capita!

What about Idaho—how much does state government budget to the Idaho Commission on the Arts each year?

In FY 2020, the state allocated $834,700 to the Idaho Commission on the Arts. The Idaho Commission received $791,200 in federal NEA funds, which the Commission used to help cultural organizations throughout the state. Another 9 nonprofit arts organizations received direct grants from the NEA totaling $165,000.
