PUBLIC INVESTMENT IN GRANTS TO NONPROFIT ARTS ORGANIZATIONS & ARTISTS

So how much is the federal government investing in the National Endowment for the Arts (NEA)? Congress has proposed allocating $162.25 million to the NEA in FY 2020, which has been relatively level for the last several years. This amounts to just $494 per capita, yet the nonprofit arts industry generates over $13 billion in federal tax revenue back to the treasury. Imagine what nonprofit arts groups could generate with $1 per capita!

What about Nevada—how much does state government budget to the Nevada Arts Council each year? The state allocated $1,840,327 to the Nevada Arts Council. In FY 2019-20, Nevada Arts Council also received $710,700 in federal NEA funds, which the Council re-granted to dozens of cultural organizations throughout the state. Another 15 nonprofit arts organizations received direct grants from the NEA totaling $320,000.

“Children who receive arts education or are exposed to the arts perform better in school, they’re disciplined, critical thinkers, learn creativity, tolerance, respect and acceptance of others. The arts are necessary.”
