**DRIVER OF OUR NATIONAL, STATE & LOCAL ECONOMY.**

**So how much is the federal government investing in the National Endowment for the Arts (NEA)?**

Congress has proposed allocating $162.25 million to the NEA in FY 2020, which has been relatively level for the last several years. This amounts to just $49 per capita, yet the nonprofit arts industry generates over $13 billion in federal tax revenue back to the treasury. Imagine what nonprofit arts groups could generate with $1 per capita! Source: Americans for the Arts Action Fund, 2020. Read “Funding The Arts Is Good For The Nation,” The Hill, 2015.
