PUBLIC INVESTMENT IN GRANTS TO NONPROFIT ARTS ORGANIZATIONS & ARTISTS

Q So how much is the federal government investing in the National Endowment for the Arts (NEA)?
A Congress allocated $167.5 million to the NEA in FY 2021, which has been relatively level for the last several years. This amounts to just $1 for every $51 in federal tax revenue back to the U.S. Treasury. Imagine what nonprofit arts groups could generate with $1 per capita.

Q How much does the AL state government budget to the Alabama State Council on the Arts each year?
A In FY 20-21, the state allocated $6.1 million to the Alabama State Council. The Alabama State Council also received $819,900 in federal NEA funds, which the Council re-granted to dozens of cultural organizations through the state. Another 38 nonprofit arts organizations received grants $1,365,000.

$4.7 BILLION DRIVER OF JUST ONE OF OUR LOCAL ECONOMIES.
There is clear evidence that the arts contribute significantly to education and play a key role in the development of twenty-first century skills like critical thinking, creativity, communication skills and collaboration skills, which are highly sought by all industries. Participation in the arts builds confidence, which positively impacts students and translates to other disciplines outside of the arts. Not all students will become professional artists, but the arts play a critical role in the development and success of every student.”
